Bengaluru, India • +91-9019471107 • suhasu710@gmail.com • linkedin.com/in/suhasu710

SUMMARY

B.E. Computer Science graduate with hands-on experience in Agile project coordination, sprint management, and cross-functional team collaboration. First author of an IEEE-published research paper, leading a 4-member team through end-to-end development and international conference delivery. Certified in Google Project Management and IBM Scrum Master. Targeting Business Analyst, PMO Analyst, or Associate Project Manager roles in technology-driven organizations.

WORK EXPERIENCE

AI and ML Intern — Archelos Intelsense Technologies

Feb 2025 – May 2025

Bengaluru, India | Functioned as primary sprint coordinator and Scrum Master for a 5-member developer team

- Coordinated execution across 2 AI model deployment projects, supporting delivery of technical milestones within sprint schedules.
- Managed Jira boards tracking 15–20 active tasks across a 5-member developer team, maintaining sprint velocity and dependency mapping.
- Facilitated cross-team communication to identify and escalate technical blockers, preventing sprint overruns.
- Generated weekly progress reports and sprint summaries for senior management review.

Data Science Intern — Rinex Technologies

Jul 2023 – Sep 2023

Remote, India

- Executed data structuring and analytical model-building assignments within a structured delivery program.
- Delivered all project milestones on schedule across multiple concurrent work items.

PUBLICATIONS AND RESEARCH

Sentinel: A Human-in-the-Loop AI Framework for Electoral De-Duplication

Apr 2026

IEEE ICKECS 2026 (International Conference) | First Author and Project Lead | Paper ID 1086

- Led a 4-member team through the full project lifecycle: requirements, development, testing, and peer-review submission.
- Managed task delegation, timeline tracking, and iterative feedback cycles across 4 months of development.
- Delivered accepted publication and presented at an international IEEE peer-reviewed conference.
- Major project graded 89/100 (A+) — placing the work at the top of NIE's "Excellent" performance band.

Decentralized Payment System — Academic Project

2025

The National Institute of Engineering

- Coordinated task allocation and sprint reviews across frontend and backend blockchain integration components.
- Managed end-to-end testing and system validation prior to final delivery.

EDUCATION

Bachelor of Engineering — Computer Science and Engineering

2022 – 2026

The National Institute of Engineering (affiliated to VTU) | Mysuru, India

CGPA: 7.61 / 10.0

Relevant Modules: Software Engineering and Project Management, Agile Methodologies, Innovation and Design Thinking, Machine Learning, Database Management Systems, Cloud Computing.
